CASE SUMMARY

Ms. Green commenced her three year term of supervised release on November 3, 2005. The below-listed violation represents her second violation involving the use of illegal substances. Since December 2006, Ms. Green has been participating in an intensive outpatient drug treatment program that includes six hours of counseling each week in addition to the collection of six urine specimens each month. This officer has conveyed to Ms. Green that if any additional noncompliance arises during the remaining term of supervision that this officer may request the revocation of her supervised release.

Violation

1) The defendant shall refrain from any unlawful use of a controlled substance.

Nature of Non-Compliance

a) On December 13, 2006, Ms. Green provided a positive urine specimen for methamphetamine at Zion Recovery Services in Clarinda, Iowa.

b) On that same date, Mr. Green telephoned this officer advising to the use of methamphetamine earlier in the month.

Ms. Green has signed the attached Waiver of Hearing agreeing to have her supervision conditions modified, as noted in the Petition.

Respectfully submitted,
